VINEYARD DETAILS	Adelaida Estate Vineyards Elevation 1400 -2050 feet Calcareous Limestone Soil

Adelaida organically farms vineyards in the coastal influenced Santa Lucia Mountain Range on the west side of the Paso Robles AVA. Situated on steep hillsides, these sites lie within the Adelaida District, a sub-appellation in the northwest corner of the wine region. With elevations ranging from 1400 - 2050 feet, limestone subsoils, and extreme diurnal temperature swings, averaging 45 degrees, Adelaida produces wines with distinct expressions of their site.

Adelaida's Vineyards received roughly 24 inches of rain during the 2018-2019 winter, including a mid-May shower that delivered nearly an inch. Bud break occurred in mid-March and led to the predictably of early vine vigor and dense canopy growth. The 2018 Summer season was a welcome reprieve where temperatures reached over 100 degrees for only one day.

Twenty Three Twenty is our exclusive proprietary wine, named for the highest point-of-elevation on our hilltop ranch and in the Paso Robles AVA. This complex blend is meticulously developed to represent the pinnacle of each vintage. Being the last of our bottlings every year allows our winemaker time to taste through every component. Only after tasting each barrel, the blend is created to showcase how unique each vintage can be. The aroma of the 2019 vintage shows bright expressions of black cherry and blackberry bolstered by baking spices and fine-grained oak. The balance of fruit and oak takes center stage on the palate showing off a smooth and velvety wine with a lasting finish. The wine is ready to drink now or lay down and save for a special occasion. Drink now through 2029.
